The Hard Facts

Drinking To Drink?

It's tempting to think of alcohol as a comforter, a way to relax and unwind, or as a way to cope with stress. But drinking too much can have serious consequences, including:

- Impaired judgment and decision-making
- Increased risk of accidents and injuries
- Damage to the liver and other organs
- Addiction and dependency
- Legal problems and consequences

It's important to be aware of the risks associated with drinking and to make responsible choices when it comes to alcohol.

Beyond the Highway

Keep in mind that alcohol consumption is illegal in most countries, and the consequences can be severe.

The message from the National Highway Traffic Safety Administration is clear: Drive sober or use alternative transportation.

Call 800-GET HELP (438-4357) for more information on drinking and driving.

In Colorado, you can call the Colorado Highway Patrol at 800-222-4773.

Remember, safe and responsible drinking is everyone's responsibility.
