### Student Learning Outcomes

**Students can:**

- Apply medical knowledge and direct proper patient care by employing skills appropriate to the scope and practice of an EMT.
- Utilize critical thinking skills to make life-saving decisions concerning pre-hospital care of the sick and injured while under stress.
- Exhibit leadership skills through the use of the incident command system and the chain of command at the scene of an emergency.
- Identify and verbalize techniques to manage stress and develop a balanced lifestyle.
- Express the challenges of serving the needs of a diverse community and demonstrate techniques of providing patient care in spite of potential socioeconomic and language barriers.

### Occupational Information

**What can I do with this major?**

Emergency Services is a highly stimulating, competitive, and rewarding field. It offers a variety of opportunities for qualified and assertive individuals, including positions in ambulance companies, fire departments and hospitals.

An emergency medical technician can find many opportunities to volunteer in the community. In Angwin, CA the local ambulance company is staffed completely by volunteer EMT's. The local fire department is an additional opportunity. Not only does the chance to volunteer provide valuable experience for the individual but it provides a higher level of care for the community.

**Additional Education Required?**

The degree in Emergency Services offered by Pacific Union College is designed to help facilitate the student's entrance into an emergency medical career. Students may choose to continue their training to the level of paramedic or in emergency services management.

**Job Outlook**

Statistics supplied by the United States Department of Labor indicates that employment of emergency medical technicians is expected to grow by 24% through 2024, as full-time paid EMT's replace unpaid volunteers.

**Earnings**

A survey of California wages show EMT's receiving \$35,000 to \$57,000 annually plus benefits and EMD's receiving \$56,000-\$78,000 annually plus benefits. Wages are higher for EMT's who become paramedics.

### General Education Requirements

To view general education requirements for this major, please refer to page A-07, Summary of General Education Requirements: A.S. Degree.

### How to Construct Your Own Program

1. Counsel with your advisor.
2. Consider your aptitudes, interests, and available courses.
3. Schedule major courses and cognates first.
4. Fill the rest of your schedule with G.E. requirements.
5. For the freshman year include English, Religion, and PE courses. Also include Basic Algebra I+II unless waived by previous work.

### What the Degree Includes

A total of 90 quarter hours including:

1. General Education requirements.
2. Major requirements.
3. Minimum 2.0 GPA, overall and major.
