

The Purpose of General Education

The general education program at Pacific Union College seeks to provide students with the knowledge, values, and skills they need to live Christ-centered, productive lives of integrity and service in a complex world.

- A knowledge of human cultures and the natural world;
- Seventh-day Adventist Christian values, including integrity, justice, compassion, and wholeness;
- The following skills:
 - To communicate effectively in written and spoken English;
 - To think critically and creatively about information, ideas, and arguments;
 - To locate and use appropriately a broad variety of resources and information; and
 - To learn and work collaboratively.

The General Education Program as summarized on this sheet is designed for a quick overview. The program is described in full in the General Catalog.
