# SAFETY DATA SHEET HF 167 CLEMENTINE

1. Identification	
Product identifier	
Product name	HF 167 CLEMENTINE
Product number	HF 167 CLEMENTINE
Recommended use of the ch	emical and restrictions on use
Application	ceramic glaze
Details of the supplier of the s	safety data sheet
Supplier	American Art Clay Co Inc 6060 Guion Road Indianapolis, IN 46254-1222 USA Toll Free: 1-800-925-5195 ext. 1303 Local: 1-317-243-0066 ext. 1303
Emergency telephone numbe	
Emergency telephone	1 317 243 0066 ext. 1303 Mon-Fri, 0900-1700 EST
2. Hazard(s) identification	
Classification of the substanc	e or mixture
Physical hazards	Not Classified
Health hazards	Not Classified
Label elements	
Hazard statements	NC Not Classified
Other hazards	
none present	
3. Composition/information or	n ingredients
Mixtures	
Composition comments	Only ingredients listed above are notifiable for this product. If none are shown then all ingredients are exempt.
4. First-aid measures	
Description of first aid measu	res
General information	
Ingestion	Do not induce vomiting. Rinse mouth thoroughly with water. Give a few small glasses of water or milk to drink. Get medical attention if any discomfort continues.
Skin Contact	Wash skin thoroughly with soap and water.
Eye contact	Rinse with water.
Most important symptoms and effects, both acute and delayed	
Inhalation	Read Section 2 for any specific precautions associated with this product. In general, breathing any type of dust / mist can and may aggravate irritation of the throat and lungs.

Ingestion         Read Section 2 for any specific precautions associated with the use of this product. In general most caramic glazes, clays and special products will lay to have a drying effect on the skin and may cause some sensitivity to users with sensitive skin.           Eye contact         Read Section 2 for any specific precautions associated with the use of this product. In general most caramic and special products contain materials that maybe abrasive to eyes. Keeping materials from contacting the eyes is prudent. If contact does occur, flush with clean water, do not rub.           Indication of immediate medical attention and special treatment needed         Notes of the doctor           Notes of the doctor         Treat symptomatically.           5. Fire-fighting measures         Extinguishing media           Suitable extinguishing media         Use for extinguishing media suitable for the surrounding fire.           Special hazards arising from the substance or mixture         Special protective equipment and omergency procedures           Personal protective equipment and emergency procedures         Personal protective equipment and emergency procedures           Personal procective equipment and emergency procedures when disposing of product and containe.         Note for filefighters           Special procective equipment and emergency procedures when disposing of product and containe.         Note for filefighters           Special procective equipment and emergency procedures when disposing of product and containe desaming up         Note for filefighters           Rearional procective			
most ceramic glazes, clays and special products will tend to have a drying effect on the skin and may cause some semilivity to users with sensitive skin. Usage precautions       Read label before use. Do not eat, drink or smoke when using this product. Good personal hygiene procedures should be implemented. Wash hands and any other contaminated areas of the body with soap and water before leaving the work site.         Conditions for safe storage, including any incompatibilities         Storage precautions       Store in tightly-closed, original container in a dry and cool place.         Specific end uses(s)       The identified uses for this product are detailed in Section 1.2.	7. Handling and storage		
hygiene procedures should be implemented. Wash hands and any other contaminated areas of the body with soap and water before leaving the work site.         Conditions for safe storage, including any incompatibilities         Storage precautions       Store in tightly-closed, original container in a dry and cool place.         Specific end uses(s)       The identified uses for this product are detailed in Section 1.2.	Precautions for safe handling		
Storage precautions       Store in tightly-closed, original container in a dry and cool place.         Specific end uses(s)       Specific end use(s)         The identified uses for this product are detailed in Section 1.2.	Usage precautions	hygiene procedures should be implemented. Wash hands and any other contaminated areas	
Specific end uses(s)         Specific end use(s)         The identified uses for this product are detailed in Section 1.2.	Conditions for safe storage, including any incompatibilities		
Specific end use(s)       The identified uses for this product are detailed in Section 1.2.	Storage precautions	Store in tightly-closed, original container in a dry and cool place.	
	Specific end uses(s)		
8. Exposure Controls/personal protection	Specific end use(s)	The identified uses for this product are detailed in Section 1.2.	

#### **Control parameters**

Ingredient comments	Only ingredients listed n Section 3 are notifiable for this product. If none are shown then all ingredients are exempt.
Exposure controls	
Appropriate engineering controls	No specific ventilations requirements unless the "FAN" pictogram is shown above or specified in Section 2.
Eye/face protection	No specific eye protection required unless the "EYE PROTECTION" pictogram is shown above or specified in Section 2.
Hand protection	No specific hand protection required unless the "HAND PROTECTION" pictogram is shown above or specified in Section 2.
Hygiene measures	Using good personal hygiene practices is always appropriate. Keeping a clean work space, cleaning up properly when done, and not eating, drinking or smoking when using this product.
Respiratory protection	No specific respiratory protection required unless the "RESPIRATOR" pictogram is shown above or specified in Section 2. Using the appropriate certified protection for the operation is important if required.

### 9. Physical and Chemical Properties

Oxidizing properties

#### Information on basic physical and chemical properties Appearance Colored liquid. Color Various colors. Odor Almost odorless. Odor threshold No information available. pН 6-8 Melting point No information available. Initial boiling point and range No information available. Flash point No information available. **Evaporation rate** No information available. Flammability (solid, gas) No information available. Upper/lower flammability or No information available. explosive limits Vapor pressure No information available. **Relative density** Greater than 1.0 Solubility(ies) Not applicable. Partition coefficient No information available. Auto-ignition temperature Not applicable. **Decomposition Temperature** No information available. No information available. Viscosity **Explosive properties** none

none

Other information	Not applicable.
10. Stability and reactivity	
Reactivity	There are no known reactivity hazards associated with this product.
Stability	No particular stability concerns.
Possibility of hazardous reactions	None known.
Conditions to avoid	None known.
Materials to avoid	None known.
Hazardous decomposition products	None known.
11. Toxicological information	
Information on toxicological eff	fects
Toxicological effects	Please read Section 2 thoroughly to understand the toxicological risks, (if any) and precautions for safe use (if any).
Skin corrosion/irritation	
Skin sensitization	
Skin sensitization	Based on available data the classification criteria are not met.
Eye contact	May cause temporary eye irritation.
Eye contact 12. Ecological Information	May cause temporary eye irritation.
-	May cause temporary eye irritation. Please read Section 2 completely. If any environmental warnings such as; H411 or H412 are listed in Section 2, please use appropriate procedures when disposing of product and container. Do not put materials into waterways or sewers.
12. Ecological Information	Please read Section 2 completely. If any environmental warnings such as; H411 or H412 are listed in Section 2, please use appropriate procedures when disposing of product and
12. Ecological Information Ecotoxicity	Please read Section 2 completely. If any environmental warnings such as; H411 or H412 are listed in Section 2, please use appropriate procedures when disposing of product and

# 14. Transport information

General

This package is shipped in accordance with ADR SP375, IATA A197 & IMDG 2.10.2.7.

#### **UN Number**

Not applicable.

#### UN proper shipping name

Not applicable.

#### Transport hazard class(es)

No transport warning sign required.

#### Packing group

Not applicable.

#### **Environmental hazards**

#### **Environmentally Hazardous Substance**

Please refer to Section 2 for any environmental hazards associated with this product. If H411/H412 warnings are shown then please verify packaging and labelling requirements for larger volumes

#### Special precautions for user

Not applicable.

## Transport in bulk according to Not applicable. Annex II of MARPOL 73/78 and the IBC Code

### 15. Regulatory information

#### International Regulations

#### **US State Regulations**

California Proposition 65 Carcinogens and Reproductive Toxins None of the ingredients are listed or exempt.
