Degrees and Programs
Psychology, B.S. ................................................................. 159
Psychology, B.A. ................................................................. 160
Psychology, Minor ............................................................. 160
Social Work, B.S.W. ............................................................ 160

The department offers two majors: Psychology and Social Work. The goals of the department are as follows:
• To encourage purposeful living in the service of God and humanity by helping students understand and apply principles of human behavior in personal and professional relationships.
• To provide a general background for a wide range of careers that involve working with people, such as law, medicine, nursing, education, business, and the ministry.
• To prepare students at the baccalaureate level in the generalist framework for employment in the profession of social work.
• To prepare students for successful graduate study in psychology and social work.

While the department has Student Learning Outcomes (SLO’s) specific to each major, the overall Departmental Student Learning Outcomes (D-SLO’s) are that graduates can:
1. Demonstrate respect for the core Department values of free inquiry, diversity, responsible citizenship, and service to God and Humanity.
2. Demonstrate recognition of the moral tensions, and appreciation of the common values, between the professions and the Christian faith.

Required Electives (23 hours):
At least 23 hours from additional non-service PSYC courses, including at least 12 upper-division hours.

Bachelor of Social Work, B.S.W.
A minimum of 107.2 hours (61.2 upper-division hours)
The baccalaureate degree program in social work is fully accredited by the Council on Social Work Education. It is designed to prepare students at the baccalaureate level to enter the profession as generalist social work practitioners.
The SLO’s of the social work program support its mission and goals to train students as competent generalist social workers, ready for beginning professional practice in accord with the standards of the Council on Social Work Education and the pursuit of graduate social work degrees. These SLO’s provide the standard by which the quality of education and professional competencies of students may be assessed.
Graduates of the social work program can:
1. Identify as a professional social worker and conduct oneself accordingly.
2. Apply social work ethical principles to guide professional practice.
3. Apply critical thinking to inform and communicate professional judgments.
4. Engage diversity and difference in practice.
5. Advance human rights and social and economic justice.
7. Apply knowledge of human behavior and the social environment.
8. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
9. Respond to contexts that shape practice.
10. Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

Students interested in social work as a profession should make an advisement appointment with the Social Work Program Director. The Social Work Student Handbook contains detailed information on the admissions process.
1. Complete the program admissions packet, including admissions application and reference letters (one letter must be from a person who supervised the applicant a minimum of 30 hours in a social work or social service position).
2. Complete the personal admissions interview.
The Program Admissions Committee applies the following criteria in evaluating applications:
• Successful completion of required prerequisite courses
• Satisfactory course performance
• Effective oral-communication skills
• Effective written-communication skills
• Attitudes, behaviors, mental health, and ethics appropriate to the social work profession
• Minimum cumulative GPA of 2.25
• Minimum cumulative GPA of 2.5 within the Social Work core and cognate courses

The Admissions Committee notifies each candidate of the action taken on his or her application.

To remain in the program, students must continue to meet the same academic, ethical, mental health, and behavioral standards.

Any Social Work core or cognate course may be repeated for failing performance only once. A course is considered to be a repeat for failing performance if the student has attempted the course previously and the original attempt resulted in a grade below C- or a withdrawal due to failing performance.

The Social Work Student Handbook contains further information on criteria for admission to the program, continuance in it, and the appeal process.
