

Pacific Union College
Aviation Program
Course Outline

Commercial Flight Training

AVIA 376 / 377 / 378

2004-2005

Course Objectives

1. Explain the systems, performance, and procedures necessary for operating a complex aircraft.
2. Perform commercial maneuvers as described in the Commercial Pilot Practical Test Standards.
3. Complete the PUC Commercial Pilot Certification Course.

Required Materials

1. PUC Commercial Pilot Certification Course syllabus
2. Commercial Pilot Practical Test Standards
3. Jeppesen *Instrument Commercial Manual*
4. Jeppesen *Multi-engine Manual*
5. Aircraft Pilot Operating Handbook

Attendance

Regular attendance, coupled with clear communication, is vital to your success in this course and in your career. If circumstances require you to be absent, you must make arrangements with your instructor 24 hours prior to the appointment you will miss. **Any unexcused absences or tardiness may result in failure of this course** at the discretion of your instructor in consultation with the Chief Flight Instructor.

Grading

Grade	AVIA 376	AVIA 377	AVIA 378
S	Stage 1 completed satisfactorily.	Stage 2 completed satisfactorily.	Commercial checkride completed satisfactorily.
F	Course requirements not completed.	Course requirements not completed.	Course requirements not completed.

In-Progress Grades

You are expected to meet the requirements of this course during the quarter in which you register for it. If, however, due to **unusual** circumstances, you are unable to meet the requirements during that timeframe, a grade of IP (In-Progress) will be recorded for **one additional quarter only**. After this extra quarter, you will be assigned a grade of either S or F. If you register for this class during Spring quarter, you will have through Fall quarter of the following year to meet the requirements.
