

Instructional Facilities

The aircraft, Cherokee Sim and Frasca Advanced Aviation Training Device (AATD) used are owned and/or leased and operated by Pacific Union College (PUC). All flight instruction is provided by college employees. No part of any flight instruction is offered under contract with an outside entity.

All aircraft are based at Angwin Parrett Field (2O3) in Angwin, CA.

Instructional Schedule

Flight training is to be completed within the quarter for which the AVIA course was registered. Students must request a grade of In-Progress (IP), if training is not completed within the quarter. Students will have one additional quarter to complete all course work. If the work is not completed within this time frame, a failing grade will replace the IP. For veteran students, any unused funding must be returned to the VA at this time.

Students who are veterans will have funds sent to PUC in increments, per the approved course cost sheet. The approved cost sheet outlines the typical number of hours required for each course. Additional hours needed above the minimum amount must be paid by the student. Any unused funding will be returned to the VA at the end of the term.

The aviation curriculum, including flight training coursework, adheres to PUC's policies regarding grading, refunds, withdrawal, attendance, and academic progress.

Note about Summer Tuition Discount

The tuition discount given for classes taken during summer quarter is half of that given in other quarters, which equates to \$270/credit.

AVIA 176 - PRIVATE STAGE I

Private Pilot Groundschool Materials		=	\$350.00
Private Kit		=	\$107.75
Dual	20 hours	\$255/hour =	\$5,100.00
