

Step 1: A.S. in Nursing

Admission

Admission to the A.S. in Nursing is highly competitive. Admission requirements are extensive and include the satisfactory completion of certain prerequisites. See page NHSC-09 or the current *General Catalog* for details.

Course Requirements for the Major

A minimum of 99 hours included in the major and cognates. All courses are to be selected in consultation with the nursing faculty advisor.

➤ **Prerequisite (does not count towards the major core):**

NURS 110 Introduction to Nursing (2)

➤ **Required Core Courses (70 hours):**

NURS 121	Nursing I	6
NURS 124	Nursing II	6
NURS 125	Nursing III	6
NURS 212	Pharmacology	3
NURS 221	Nursing IV	6
NURS 222	Nursing V	6
NURS 235	Health Assessment	4
NURS 254	Mental Health Nursing	6
NURS 255	Pediatric Nursing	5
NURS 256	Maternal-Newborn Nursing	6
NURS 325	Nursing VI	3
NURS 325L	Nursing VI Clinical	5
NURS 327	Nursing VI Simulation	1
NURS 326	Management and Professional Practice	3
NURS 390	Pathophysiology	4

➤ **Required Cognate Courses (29-30 hours):**

BIOL 101	Human Anatomy	5
BIOL 102	Human Physiology	5
FDNT 235	Nutrition	3
MICR 134	General Microbiology	5
PSYC 121	General Psychology	4
PSYC 234	Human Development	4

At least one of the following courses: 3-4

ANTH 124	Cultural Anthropology (4)	
NURS 376	Nursing Issues: Transcultural Care (3)	
SOCI 121	Introduction to Sociology (4)	
SOCI 214	The Family (4)	
SOCI 232	American Social Problems (4)	
SOCI 355	Cultural Diversity (3)	

General Education Requirements

Students must complete the General Education requirements for the A.S. in Nursing as described on Guidesheet A-06.

Total Hours for Degree

Students must complete a total of 90 quarter hours for an associate degree at Pacific Union College. This requirement is fully met by the major, cognates, and general education. No electives are required.

* Students who have already completed a non-credit CHEM 101 equivalency may substitute CHEM 102 (or any other higher level CHEM course) for this requirement.

Step 2: B.S.N. Program

Admission

Admission to the B.S.N. program requires completion of an associate degree (or its equivalent) in nursing, the possession of a current registered nurse license, and other requirements. See page NHSC-11 or the current *General Catalog* for details.

Course Requirements for the Major

A minimum of 76 hours (39 upper-division hours) included in the major and cognates.

All courses are to be selected in consultation with the nursing faculty advisor. Each practicum must be taken concurrently with the appropriate theory course.

➤ **Required Core Courses (44-49 hours):**

NURS 390	Pathophysiology	4
NURS 419	Nursing Professional Issues	4
NURS 431	Community Health Nursing	4
NURS 432	Community Health Nursing Practicum	3
NURS 460	Healthcare Education	4
NURS 485	Introduction to Research	4
NURS 490	B.S.N. Capstone I	1
NURS 491	B.S.N. Capstone II	1

At least one of the following: 5

NURS 461	Healthcare Management (5)	
NURS 560	Concepts in Nursing Leadership (5)	

At least one of the following courses: 4

NURS 235	Health Assessment (4)	
NURS 335	Advanced Health Assessment (4)	

BSN Electives (15 credits)

NURS 371	Care of the Older Adult	
NURS 372	Alternative and Comp Therapies	
NURS 375	End of Care Life	
NURS 376	Transcultural Nursing	
NURS 384	Healthcare Delivery System	
NURS 420	Nursing Social Issues	
NURS 421	Nursing Global Issues	
NURS 510	Nursing Technology and Informatics	

➤ **Required Cognate Courses (33-34 hours):**

BIOL 101	Human Anatomy	5
BIOL 102	Human Physiology	5
CHEM 101	Introductory Chemistry*	4
FDNT 235	Nutrition	3
MICR 134	General Microbiology	5
PSYC 121	General Psychology	4
PSYC 234	Human Development	4

At least one of the following courses: 3-4

ANTH 124	Cultural Anthropology (4)	
NURS 376	Nursing Issues: Transcultural Care (3)	
SOCI 121	Intro to Sociology (4)	
SOCI 214	The Family (4)	
SOCI 232	American Social Problems (4)	
SOCI 355	Cultural Diversity (3)	

General Education Requirements

Students must complete the General Education requirements for the B.S.N. as described on Guidesheet A-06.

Total Hours for Degree

Students must complete a total of 192 quarter hours, including 60 upper-division hours, for a baccalaureate degree at Pacific Union College.

Students may need to take additional electives to meet these requirements. Nursing Issues and Special Topics courses are

Program Policies

Continuation in and Graduation from the Program

Both the A.S. in Nursing and the B.S.N. degree include academic requirements that must be met for continuation in the program and graduation with the degree. See the current *General Catalog* for a description of these requirements.

Clinical Courses and Transportation Policies

Both the A.S. Nursing students and the B.S.N. students must meet certain requirements prior to registration for clinical courses. See the current *General Catalog* for a description of these requirements at each level.

All students are expected to provide their own transportation to, during, and from off-campus clinical labs. Faculty will not provide transportation. Students are advised not to transport clients in their own vehicles under any circumstances. This policy protects both the client and the student. State law requires proof of automobile liability insurance.

Student Learning Outcomes

PUC A.S. Nursing graduates become nurses who:

- Collaborate with all members of the interdisciplinary team in providing care to assigned patients.
- Demonstrate integrity and function within established guidelines.
- Demonstrate personal accountability through careful resource management and participation in quality improvement projects.
- Exhibit a spirit of inquiry by seeking answers to clinical questions, effectively using available resources, and retrieving valid, reliable information from a variety of sources.
- Demonstrate caring and respectful attitudes to all those encountered in the practice of nursing.
- Address a client's needs in a holistic plan of care.
- Integrate knowledge and assessment data to inform context-specific clinical decision-making.
- Employ tools of critical thinking, including the nursing process, in order to solve problems and provide appropriate care.
- Provide safe, quality interventions to assist the client toward optimum health.
- Practice in a manner that is consistent with available evidence and guided by national standards.
- Communicate with all those encountered in practice in a clear, appropriate manner and with an attitude that fosters continued effective communication.
- Provide care in a manner that recognizes and respects the cultural differences among all those encountered in the practice of nursing.
- Assess, develop, implement, and evaluate a plan to meet the educational needs of individuals, groups, and communities.

- Effectively use traditional and emerging tools and technologies in the teaching and learning process.

Occupational Information

Nursing as a Career

Nursing is a career of science and service which involves assisting others with activities they would normally do for themselves. While meeting emotional, intellectual, physical, sociological and spiritual needs, nurses provide caring, safe, and informed service. Many opportunities for witnessing for God are present during this lifetime career. The ongoing demand for nurses means many jobs in diverse places with opportunities for advancement.

General Areas of Service

The individual registered nurse has freedom to work in the hospital, doctor's offices, schools, military service, mission fields, publishing houses, camps, airlines, and professional organizations. Students graduating with a baccalaureate degree in nursing find extended employment opportunities in acute healthcare as well as in settings outside the hospital. Baccalaureate nursing education prepares nurses for leadership and management roles. The baccalaureate nurse is also prepared for graduate nursing education.

Denominational Opportunities

Employment opportunities are available in Adventist Health System hospitals, home health organizations, extended care facilities and clinics. A life of service within the denominational structure is most satisfying and salaries are usually the same as community rates.

Job Outlook

Experienced nurses are in great demand. Jobs are available in rural settings or metropolitan areas on a full-time or part-time basis with flexible hours and days.

Earnings

Starting salaries for nursing graduates range from \$55,000-\$65,000 depending on geographical location.

Accreditation

The A.S. in Nursing is approved by the California BRN (Board of Registered Nursing). The A.S. and the B.S.N. in Nursing are accredited by the ACEN (Accreditation Commission for Education in Nursing).
