## AT PACIFIC UNION COLLEGE

### PUC'S BIOLOGY DEPARTMENT SERVES THOUSANDS IN SRI LANKA

From July 7 to 12, Pacific Union College Biology Professors Backil Sung, Aimee Wyrick, and Floyd Hayes, along with 10 of their students, served in Kandy, Sri Lanka. Also on the mission trip were volunteers from Vietnam, the Philippines, Australia, India, Malaysia, Singapore, South Korea, China, and Hong Kong. All 110 of them provided medical and dental services, offered counseling, reinstalled electrical power lines, addressed financial needs, and hosted Vacation Bible School.

### PUC'S ONLINE CAMPUS: DELIVERING HIGH-QUALITY EDUCATION IN A DIGITAL WORLD

Pacific Union College has long recognized the value of online education in expanding access and flexibility for students while maintaining academic excellence. Building on this foundation, the college recently pursued two grants from the Archie Tonge Education Foundation to strengthen its online offerings further. Because of these funds, PUC was

able to create the Online Campus to support the BSN, MBA, MEd, MSN, and MA in Communication programs.

### PUC BRINGS A PIECE OF HOME TO 62<sup>ND</sup> GENERAL CONFERENCE

From July 3 to 12, the Conference convened in St. Louis, Missouri, and many representatives of PUC attended, all of whom left their mark and were undeniably affected by what they experienced. Connections were made with students, parents, grandparents, and other institutions, who all heard PUC's latest news. The attendees and the PUC representatives palpably felt this hopeful outlook for the future.

### RECOVERING CRUCIAL STORIES: PUC STUDENTS PUBLISH BOOK ON WOMEN WHO SHAPED ADVENTISM

During spring quarter of 2023, 19 students from Jim Wibberding's class wrote a book titled *Women of the West: Twenty Who Shaped Adventism*, which was released this past March. The inspiration behind this book also stemmed from their research

and essays, which uncovered more stories of the crucial contributions of women whose experiences had been overlooked in books and studies, shaping various aspects of the Adventist Church, from the conference to education, healthcare, and publishing. Wibberding said the stories also connect to PUC, which added meaning to the student authors. In addition to publishing this book, some of the students wrote articles for the SDA Encyclopedia and created podcast episodes.

### PUC IS FOR EVERYONE

*This is our promise to our Adventist community.*

We want all students to be able to receive a high-quality Christian education. PUC offers a full-tuition scholarship for four years to all students of excellent character, strong academic achievement, and high financial need.
