**Student Learning Outcomes**

**Students can:**

- Demonstrate foundational knowledge in the functional areas of business.
- Evaluate the legal, social, and economic environments of business domestically and globally.
- Assess information and situations to make rational ethical business decisions.
- Demonstrate effective oral and written communication skills.
- Leverage decision-support tools and research to integrate business knowledge in applied settings.

**Occupational Information**

**What can I do with this major?**

Following graduation, students with this major often begin their career in one of the following:

- 1) Internships, management training programs, or information systems management training programs.
- 2) Assisting companies in analysis of existing computer information systems and in design of improved new systems.
- 3) Help-desk support for information systems.
- 4) Graduate schools of business, law, medicine, or dentistry.
- 5) Self-employment.

A wide variety of opportunities are available, such as information systems development, database administration, systems security and crime prevention, telecommunications and networking, biometrics, or technology management.

**Additional Education Required?**

Many organizations require a bachelor's degree for potential employees. Many managers have found that the knowledge and perspective gained in earning a master's and/or doctorate degree enhances their competitive position. To reach the highest ranks in college and university environments, a doctorate is essential.

**Job Outlook**

Companies rely heavily on the use of computers in the workplace now and so the demand for skilled information technology managers is growing. Graduates will be very desirable to employers with the combination of business skills and computer proficiency.

### General Education Requirements

To view general education requirements for this major, please refer to page A-01, Summary of General Education Requirements: B.S. Degree.

### How to Construct Your Own Program

1. Consult with your academic advisor.
2. Consider your aptitudes, interests, and available courses.
3. Schedule major courses and cognates first.
4. Fill the rest of your schedule with G.E. requirements.
5. For the freshman year include English, Religion, and PE courses. Also include Basic Algebra I+II unless waived by previous work.

### What the Degree Includes

- A total of 192 quarter hours including:
1. A minimum of 60 upper division hours.
  2. General Education requirements.
  3. Major requirements.
  4. Minimum 2.0 GPA, overall and major.
