How Can You Help?

All it takes is one contact with the borrower to assist them with making payments through an affordable repayment plan selection — helping them and their credit, and helping your school maintain a lower cohort default rate. We are here to work hand-in-hand with you and student loan borrowers.

- Provide updated student loan borrower contact information on www.schools.mohela.com or contact the FAO hotline at 888.866.4353.
- Encourage students to keep in touch with their servicer and set up web accounts so they can easily access their most up-to-date information, make changes to their accounts, set up payments and more.
- Educate students about the variety of available repayment plans, including the income-driven repayment plans.
