MISSION: UKRAINE

So many of us wish we could reach out and help people of Ukraine, but not sure how or where to start...until now.

This Fall, we are bringing Ukrainian young people, displaced by the war, to The Napa Valley. These students will be given tuition, room and board and allowed to live and study in the safety of our UpValley Community.

Thanks to our generous partnership with Pacific Union College, 50% of these fees will be covered for these students. The remaining balance will be funded through our organization and from generous donors like you. Please consider joining us on this mission—The more donations received, the more lives can be saved.

A SAFE PLACE TO LAND

For over 130 years, Pacific Union College has prepared students to lead lives of significance and service. As an accredited Christian liberal arts college, PUC provides a strong academic reputation with over 70 degrees and programs.

The College is set in the Napa Valley on top of Howell Mountain. This campus offers its own executive airport, tennis courts, swimming pool and 1500 acres of hiking and biking trails.

We are honored to have PUC as a major sponsor, allowing this program to find it's home here on this amazing campus.

DONATION OPPORTUNITIES

There are many different levels of support and price points, so anyone who wants to can get involved can. Donors can purchase a welcome bag when the students arrive, or donate tuition for a year. There are even an option that don't cost anything—only your time as a host.

Many of the Ukrainian students have been displaced by the war and are living as refugees in other parts of Ukraine as well as in other countries. Your gift of transportation will allow these students to travel to their final destination in the Napa Valley.

GIFT OF EDUCATION

Students will be enrolled for the 2022-'23 School year. Classes begin September and go through June. Our program will last up to 12-18 months.

ESL (English as a Second Language) classes will be offered in addition to regular course study.

Some students might want to add classes in the Summer session to their schedules. This will be an add-on, not covered in the regular tuition package.

Not knowing how long the war in Ukraine could last, students might wish to complete a 4-year degree in the safety of PUC campus. This would allow them to graduate with all their new friends.

Donors who sponsor a full tuition package will be paired with a specific student. This way the donors can be personally connected to students in the program.

Mission Ukraine will benefit the students, the college, and the community. The people in this community will be able to meet these young people and have their lives enriched by helping them as a host.

Hosting a student from Ukraine can be anything from a dinner at your house, to bringing them on an outing with you and your family on the weekend. Students under the age of 18 will be required to have a sponsor to check in on them regularly.

What a great way to get to know these students personally by welcoming them to the community. Please click the link on the website for more information to apply for a hosting position.
