Prefix **0**

The three- or four-letter prefix to each course number indicates the subject area. An index of course prefixes may be found on the following two pages.

Numbering and Classification **2** of Courses

Courses are numbered as follows:

001-099 Remedial Courses

For students with inadequate academic skills. Credit earned through remedial courses may not apply towards any degree or towards the GPA.

100-299 Lower-division Courses

Normally taken by freshmen and sophomores.

300-499 Upper-division Courses

Normally taken by juniors and seniors. Freshmen may register for these courses only with special permission of the registrar and with the approval of the academic advisor and the course instructor.

500-599 Graduate Courses

Primarily for graduate students. With the approval of the major professor, a senior whose preparation is adequate may take graduate courses for undergraduate credit.

Credit Hours

One quarter hour of credit generally represents a minimum of thirty hours of work on the part of the student, or three hours of work per week throughout the standard ten-week quarter.

A lecture course will include approximately one hour of class and two hours of out-of-class work per week per credit. An activity course (laboratory, exercise science activity, etc.) will include two to three hours of activity per week per credit, with out-of-class work assigned as needed. Other types of courses will be arranged as needed to involve the appropriate amount of student work.

A course offered in a term of a different length will contain the same contact hours and out-of-class student work as the same course offered during a standard academic quarter.

Quarter System

Quarters are designated as Fall **F**; Winter, **W**; Spring, **S**; and Summer, **Su**. Every effort is made to accurately reflect the quarter(s) in which a course will be offered. However, the college reserves the right to adjust course scheduling as necessary.

Some courses are Arranged (**Arr**) rather than being taught on a regular cycle.

Special Information 5

Any special information for a course is designated at the end of the course description as follows:

- 1. Laboratories- Three hours in length unless specified otherwise.
- 2. Prerequisites*
- 3. Corequisites*
- 4. Repeatability for Credit*
- 5. Special Grading*
- 6. Alternate Year Courses- Odd/even designation based on the end of the academic year.

Even year 2023-2024 Odd year 2024-2025

Every effort is made to accurately reflect the year(s) in which a course will be offered. However, the college reserves the right to adjust course scheduling as necessary.

* See the section entitled "Academic Information and Policies" for more information.

General Courses

General Courses

(Nondepartmental Courses)

LOWER-DIVISION COURSES:

GNRL 100 Community

A regular gathering of the Pacific Union College community. Students, faculty, and staff meet to worship, learn and exchange ideas and information. Required for all undergraduate students each quarter (unless specially exempted). To pass, freshmen, sophomores, and juniors must attend a minimum of eight meetings each quarter. Seniors must attend a minimum of six meetings each quarter. Repeatable for credit. Graded S/U.

0.2 F. W. S

1 Su

2 S

GNRL 104 Young Scholars Program

A week-long program of course work, projects, and investigations in science, mathematics, humanities and the arts. Prerequisite: Admission to the Pacific-Quest summer program for talented and gifted students. Repeatable for credit. Graded S/F.

GNRL 105 Young Scholars Program

A week long program of course work, projects, and investigation in science, mathematics, humanities, and the arts. Prerequisite: Admission to the PQ Rise summer program for talented and gifted students. Repeatable for credit. Graded S/F

GNRL 204 Introduction to Dentistry

Dental anatomy, morphology, and re-

lated aspects of dentistry as a career. One lecture and one laboratory per week.

UPPER-DIVISION COURSE:

GNRL 350 6 F, S Field Experience

Enrollment limited to students in the Pacific Union College Student Missionary and Task Force programs. Registration for the course must be completed before the experience begins and is limited to students who have previously taken courses at Pacific Union College. Consists of academic work that is done in connection with the service appointment, including a weekly journal, a reflective paper, and a public presentation. Registration qualifies students to maintain part-time enrollment status at the college during the fall and spring quarters. Further information is available at the Campus Ministries Office or from the registrar. Repeatable to a maximum of 12 credits. Qualifies for IP grading. Graded S/F.

General Studies

LOWER-DIVISION COURSES:

GNST 101 Frontiers

This course is designed to give students the pioneering spirit and tools to successfully navigate college life and beyond through the engagement with Pacific Union College's Institutional Student Learning Outcomes, Core Competencies, and their Success Team. The course will have a series of two to three short inspirational talks each day from key faculty and staff members across the campus that will help students understand the importance of engaging with college life as part of their success in college and their career. Students will meet weekly with their

1 F, S

small fusion groups as well as go over topics learned in class.

GNST 104+105 2+1 F, W, S Student Seminar I, II

GNST 104 examines the college learning process in academic areas and encourages skill development in goal setting, learning styles, note taking and test-taking strategies. These and other topics related to learning and retaining college material are explored.

GNST 105 is designed to immediately follow GNST 104 and is not required if a student's academic standing returns to regular standing upon completion of GNST 104. Academic progress is tracked on a weekly, one-on-one basis, although one or more group sessions and tutorials may be required.

Only available to students with freshman class standing and by recommendation of the academic advisor or instructor.

1 F

GNST 110 Pioneering Success

Introduction to Pacific Union College's academic campus culture and key campus resources. Focuses on helping students learn how to navigate college requirements while balancing the demands of being a student athlete. Also includes information regarding athletic program eligibility requirements. Registration for and successful completion of the course is required for all new members of the Pioneers Athletics program.

GNST 201 0.1 F, W, S Assessment Seminar

Designed for students graduating with an associate degree. Assesses student learning outcomes in general education and in the field of study so that the college may determine how well it is reaching its educational goals. May include a major field examination, other standardized examinations, an exit interview and various Pacific Union College-developed tests and surveys. Required for, and restricted to, students during their final quarter of residency for the A.S. program. Qualifies for IP grading.

UPPER-DIVISION COURSE:

GNST 401 0.2 F, W, S Senior Assessment Seminar

Designed for baccalaureate seniors only. Assesses student learning outcomes in general education and in the field of study so that the college may determine how well it is reaching its educational goals. May include a major field examination, other standardized examinations, an exit interview and various Pacific Union College-developed tests and surveys. Required for, and restricted to, students during their final quarter of residency for the B.A., B.S., B.B.A., B.F.A., B.Mus., and B.S.W. programs. Qualifies for IP grading.
