The Purpose of General Education

The general education program at Pacific Union College seeks to provide students with the knowledge, values, and skills they need to live Christ-centered, productive lives of integrity and service in a complex world.

- A knowledge of human cultures and the natural world;
- Appreciation for and commitment to the values embodied by the institutional Student Learning Outcomes: wholeness, integrity, service & stewardship, diversity, our Adventist heritage, and maintaining lifelong learning;
- The following skills:
  - To think critically about complex issues;
  - To write clearly and effectively in English;
  - To communicate collaboratively with diverse others;
  - To use quantitative techniques and data to solve problems;
  - To locate and use appropriately a broad variety of resources and information.

This sheet provides a summary of the General Education Program; the General Catalog provides a full description.
