The degree programs offered by the *Business Administration & Economics Department* are fully accredited by the International Assembly for Collegiate Business Education (IACBE). As part of a Seventh-day Adventist college, the department intends not only to prepare students to successfully meet the everyday challenges of a career in business, but also to prepare its graduates to give effective Christian influence in their communities. To meet these goals, the department offers several programs of study.

The B.B.A. (Bachelor of Business Administration) is a professional degree designed for the student who intends to enter the job market upon completing the four-year program or to be well prepared for graduate studies. This program offers the following emphases: Accounting, Finance, Healthcare Management, International Business, Management, and Marketing.

The B.S. (Bachelor of Science) in Business Administration is a degree designed for those who plan to enter a postgraduate or graduate program in law or business.

The B.A. (Bachelor of Arts) degree program in Business Administration is a traditional curriculum for those interested in taking a program that includes the study of a foreign language.

The B.S. (Bachelor of Science) in Management Information Systems is a degree designed for the student who plans to pursue a career in the support and management of information systems.

The B.S. (Bachelor of Science) in Management for Medical Professionals is a degree designed for those who plan to enter a professional medical graduate program, such as medicine, dentistry, or physical therapy. Since most graduates of such professional programs will ultimately have their own business, this degree is particularly useful for them.

The preparation offered in the four-year Business Administration programs (B.B.A., B.S., and B.A.) differs considerably. Both the B.S. and the B.A. degree offer more flexibility in course selection than the B.B.A. However, the first two years are similar enough so that in the process of choosing a field for concentration, students have ample time to explore a variety of professions in consultation with departmental faculty and others. Many opportunities and avenues for service are thus available to students majoring in business.

Students interested in teaching business-related subjects at the secondary level should consult with their advisor in the Business Administration & Economics Department and with the credential analyst in the Education Department. They may generally take any bachelor's degree program in business and the specific education courses required. They will then need to pass the PRAXIS and SSAT competency examinations to obtain the secondary teaching credential.

The M.B.A. (Master of Business Administration) is for the post-baccalaureate student who is interested in a career in business. The program is offered online and can be taken with either full-time or part-time enrollment.

Business Administration & Economics

The M.B.A.

The Pacific Union College Business Department offers the M.B.A. (Master of Business Administration) degree. The M.B.A. is for the post-baccalaureate student who is interested in a career in business. The program is offered online and can be taken with either full-time or part-time enrollment.

Admission to the M.B.A. Program

All potential students, including former Pacific Union College students, must apply for admission both to the college and to the M.B.A. program.

The application will be considered once official postsecondary transcripts and other requested materials have been filed with the PUC Admissions Office. The admissions office will coordinate with the Business Department for review of the application and will notify the applicant of the action taken.

Admission is determined by the Business Department faculty on the basis of credentials held, recommendations, former academic performance, and background. The college reserves the right to cancel the acceptance of any person for graduate study should further evidence indicate that he or she does not adequately meet requirements for the M.B.A. program.

A student who has been accepted for graduate study in another regionally-accredited institution of higher education and wishes to earn credit for transfer should apply as a guest student and is not required to follow the regular M.B.A. admission procedures.

Prerequisites for Admission to the M.B.A. Program

1. Admission to Pacific Union College.
2. A baccalaureate degree (any major) from a regionally-accredited institution of higher education.
3. Submission of a graduate application that includes the following:
 - a) Online application form;
 - b) Application fee of \$25 (non-refundable);
 - c) Two recommendations (completed by work supervisors or undergraduate professors);
 - d) Official transcripts from all institutions attended;
 - e) A personal statement (1500 words);
 - f) A resume;
 - g) A minimum cumulative undergraduate GPA of 3.0; and
 - h) Official scores from the Graduate Management Admission Test (GMAT), taken within the past five years. *Note: With Business Department approval, applicants may be admitted without the GMAT if they have a cumulative GPA of at least 3.25 or if they*

have at least five years of full-time business-related management experience.

4. Completion of the following courses at the undergraduate level with a grade of "C-" or higher:
 - a) Introduction to Statistics (STAT 222 or equivalent);
 - b) Microeconomics; (ECON 265 or equivalent); and
 - c) Introduction to Spreadsheets (INFS 146 or equivalent).

Note: Students who lack one or more of these prerequisite courses should discuss their options with the Business Department chair. Options may include PUC undergraduate online course offerings, substitutions based on similar undergraduate coursework, or proficiency examinations.

5. Recommended: Completion of the following courses at the undergraduate level with a grade of "C-" or higher:

All Emphases:

- a) Accounting (ACCT 121+122+123 or equivalent)
- b) Finance (FIN 341 or equivalent)

Accounting Emphasis only

- c) Interm. Accounting (ACCT 311+312+313 or equivalent)

Note: Students may be admitted to the M.B.A. program without these recommended prerequisites. However, they will be required to complete additional coursework at the graduate level (ACCT 505 and FNCE 505 for all emphases, ACCT 507 and 508 for the accounting emphasis) in order to obtain the necessary prerequisite proficiency.

International Student Admission

International students must meet all prerequisites for admission as outlined above. Additionally, international students must provide an official GMAT score (taken within the past 5 years) regardless of undergraduate GPA or work experience. International applicants must also provide a TOEFL score of at least 100 (Internet-based) as a prerequisite for admission.

Provisional Admission

On rare occasions, the Business Department faculty may provisionally accept a student based on their academic background. A student accepted on academic provisional basis may be admitted to regular status upon the completion of 18 credit hours taken through PUC with a minimum grade of B in each course. Students are not permitted to repeat courses in order to satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

Transfer Credit

The department chair must approve any transfer coursework prior to admission to the program. Credit earned by

correspondence, examination, work experience, or continuing education is not applicable to the M.B.A. course requirements.

The Program of Studies

Each student will be assigned a graduate advisor from the Business Department faculty. The student will work with their advisor to construct an acceptable Program of Studies. The advisor and the department chair will work collaboratively to monitor progress during the period of graduate study.

The Program of Studies must provide for the following:

- 1. Removal of any undergraduate deficiencies;
- 3. Completion of all requirements for the degree; and
- 2. Sequencing of course work so that all requirements are completed within the five-year limit.

Requirements for Graduation with the M.B.A.

M.B.A. candidates have the option of fulfilling requirements under the catalog of their first enrollment or any subsequent catalog during the time of continuous enrollment. To receive the M.B.A., students must meet the following requirements

- 1. Satisfactory completion of approved Program of Studies, including all core and emphasis requirements. A student may earn multiple emphases, provided that each emphasis includes 18 hours of credit that do not overlap with any other emphasis.
- 2. A minimum overall graduate GPA of 3.0 with no more than two classes with grades below than B-. Classes with a grade of C- or below will not be counted for credit toward the master's degree, although they impact the graduate GPA. A course may be repeated one time to improve the GPA. A maximum of two courses may be repeated.
- 3. Completion of requirements within five calendar years beginning with the first enrollment in courses counting toward the master's degree. A time extension requires petition to and approval from the Business Department.
- 4. Submission of the Application to Graduate with the Records Office according to published institutional deadlines.
