Teaching Credentials

Students in this program who also wish to earn elementary teaching credentials can concurrently work on credential program requirements. For detailed information about the elementary credential program, refer to page EDUC-04.

Student Learning Outcomes

Students can:

- Meet the SLOs of the A.S. in Early Childhood Education
- Create developmentally appropriate curriculum for infants and toddlers.
- Encourage the cognitive, linguistic, creative, physical and social/emotional development of young children.
- Demonstrate proficiency in instructional planning and teaching within the curriculum areas of math, science, physical education and language arts.
- Implement the basic principles of administration and operation of early childhood programs.
- Promote knowledge of inclusive practices for young children with special needs and multicultural backgrounds.
- Implement a quality early childhood education program while demonstrating knowledge and techniques toward the development of the whole child.
- Develop and reinforce knowledge, skills and professional dispositions in planned field experiences and observational clinical practices.

Occupational Information

What can I do with this major?

Graduates from this program are prepared to serve as either a Teacher or a Director in a number of different Early Childhood programs, such as child development centers, preschools, infant-toddler centers, and parent cooperatives. They are qualified to independently implement program activities and be responsible for the care and education of a group of young children, as well as be responsible for the daily management and operation of a child care center.

Additional Education Required?

The B.S. degree prepares students for graduate studies in Child Development, Early Childhood Development, or Child Life (provision of education and emotional support of hospitalized children). This degree may also be combined with the elementary teacher education program to earn both California and Seventh-day Adventist teaching credentials. See page EDUC-04.

Public Sector vs. Denominational

Child care teachers and directors are regularly employed in SDA, public, and private child care centers.

Job Outlook

The job outlook is excellent with an increasingly high demand for qualified early childhood educators.

Scholarship

The Adventist Mission Scholarship in Education is available to students who commit to a degree in early childhood education.

* Coursework also meets elementary credential requirements.

General Education Requirements

To view general education requirements for this major, please refer to page A-01, Summary of General Education Requirements: B.S. Degree.

Program Requirements

Coursework of the A.S. Early Childhood Education degree is prerequisite to the B.S. degree. Students entering the B.S. degree must:

1. Complete CBEST, unless GPA is above 3.25.
2. Achieve and maintain a minimum cumulative GPA of 2.75.

How to Construct Your Own Program

1. Counsel with your advisor.
2. Consider your aptitudes, interests, and available courses.
3. Schedule major courses and cognates first.
4. Pay attention to and schedule alternate year ECE courses which are only offered every other year.
5. Fill the rest of your schedule with GE requirements.
6. For the freshman year include English, Religion, and PE courses. Also include Basic Algebra I+II unless waived by previous work.

What the Degree Includes

- A total of 192 quarter hours including:
1. A minimum of 60 upper division hours.
 2. General Education requirements.
 3. Major requirements.
 4. Minimum 2.75 GPA, overall and major.
