Music, A.S.	146
Teaching Credential	146

The Music Department offers a two-year Associate of Science degree and a four-year curricula leading to the Bachelor of Science degree. The Bachelor of Science degree can be taken without a specific emphasis, or majors may choose from two specialized tracks: Composition and Pre-Teaching.

Department Policies

The following policies apply to students majoring in the Music Department. A detailed description of these policies is provided in the Music Department Student Handbook, available at the Music Department Office or online at www.puc.edu/music.

Entrance Requirements

All music majors must pass an audition, performing two contrasting pieces from the standard classical repertoire on their primary instrument/voice. In addition, all music majors must pass a theory placement exam. Music majors are expected to read music well in both treble and bass clefs and know keys and key signatures. Students without these skills are welcome in the music department, but will have to take some remedial courses that may increase the number of courses a student must take or the length of time required to complete the music major. Remedial courses are available for all potential majors who cannot pass these exams or the entrance audition, either through PUC or online.

General Performance Requirements

Study in the major performance area is required each quarter of residence for Pre-Teaching and is recommended for all other music majors. Refer to the Music Department Student Handbook for specific year-by-year requirements in the various performance areas and details regarding jury evaluations, practice hours, and recital requirements.

Degree Recital and Project Requirements

All music majors are encouraged to periodically perform in general student recitals.
Bachelor of Science majors without emphasis and Pre-Teaching emphasis majors present a half-hour recital (MUSP 489) in their senior year or complete a special project (MUED 489) in an area of interest. Composition emphasis majors complete a special project (MUED 489) in composition. Associate of Science majors perform a minimum of 15 minutes in a recital (MUSP 289) or a special project (MUED 289) during their last quarter of lessons.

Ensemble Requirements

All baccalaureate music majors are required to register for large ensemble credit each quarter in residence, up to twelve quarters. Associate music majors are required to register for a minimum of six quarters of large ensembles.

Certificate of Achievement

To encourage excellence in performance, the department may award the Certificate of Achievement to any outstanding music major who presents a recital or is soloist in a major performance of particularly high quality during each of the four years in residence. The student must apply to the music faculty for this award after giving the final recital.

Required Examinations

The Major Field Achievement Test in music is required during the final quarter before graduation.
