STAT 322	Statistical Methods	3

# **Student Learning Outcomes**

- Outline intrinsic factors, risk factors, and social determinants of health.
- Assess the key risk factors for different health (mental and physical) conditions.
- Analyze the global burden of disease.
- Contrast the technological, economical, sociological, and bioethical perspectives of healthcare.
- Evaluate the measurement of health status.
- Examine demographic and epidemiologic transitions.
- Compare the organization and functions of health systems.
- Assess links among health, education, development, poverty, and equity.

# **Occupational Information**

### What can I do with this major?

The global health profession helps makes our world safer and, as a result, protects the health of every person. You can work in positions such as:

- Health Policy Advisor
- · Health Policy Analyst
- Program Developer
- · Health Program Managers
- · Health Promotion Official
- · Researcher and University Professor

### **Job Outlook**

According to the Department of Labor and Statistics, employment of community health workers is projected to grow 13% from 2014 to 2024, faster than the average for all occupations. Growth will be driven by efforts to improve health outcomes and to reduce healthcare cost. Organizations which mostly employ graduates with a Master's in Global Health are as follows:

- Government Agencies
- Non-governmental organizations (NGOs)
- · Disaster relief organizations
- International aid and development agencies
- International health organizations
- · Research and academic institutions
- Refugee health organizations

### **Earnings**

Wages vary by location-local, state, national, and international. An estimated starting wage is \$55,939-\$89,180 per annum plus benefits in the US.

(Data reported from the U.S Bureau of Labor Statistics (BLS) (Sept. 2021)

# 2025-2026

4+1 Bachelors & Master's Degree

If you wish to extend your strong interest and bachelor's degree to a career in public health with an emphasis in global health, this combined undergraduate and master's program may be ideal for you. You can earn you degree in just five years of full-time study instead of six years to earn the dual degree of Bachelor of Science in Global Health through Pacific Union College and Loma Linda University's Master of Public Health with emphasis in Global Health.

This program is available for graduates of B.S in Global Health with a strong academic record. Interested students with a 3.0 GPA or higher will be eligible to apply during winter quarter of their senior year at PUC by following Loma Linda University's admission process.

### **Admission**

Admission to the Master's in Public Health with emphasis in Global Health is highly competitive. Admission requires the satisfactory completion of a B.S. in Global Health degree with a GPA of 3.0 or higher.

### **Admission Process**

- 1. During the winter term of your senior year, please email Stephen Sledge ssledge@llu.edu, Director of Admissions for the School of Public Health to begin the application process for the MPH in Global Health.
- 2. Once the application is open, you will receive two emails from admissions.app@llu.edu containing your login information and a link to the application. Part of the application process will be to input information (name and email address) for three recommenders. Once your application is submitted, your recommenders will receive an email to complete your recommendation letter electronically.
- 3. Once you have completed the application, please email Stephen Sledge again to waive the application fee. He will then get back to you for submission.
- 4. Once the application is submitted, please contact all universities you have attended, including PUC, and request official transcripts to be sent to LLU. The transcript from PUC will be in-progress. If accepted, and once your BS degree is completed and awarded, we will need a final copy.
- 5. Once your application is complete, your file will be forwarded to the program director for review and a decision.

# **General Education Requirements**

To view general education requirements for this major, please refer to page A-01, Summary of General Education Requirements: B.S. Degree.

# **How to Construct Your Own Program**

- 1. Counsel with your advisor.
- 2. Consider your aptitudes, interests, and available courses.
- 3. Schedule major courses and cognates first.
- 4. Fill the rest of your schedule with G.E. requirements.
- For the freshman year include English, Religion, and PE courses. Also include Basic Algebra I+II unless waived by previous work.

### What the Degree Includes

A total of 192 quarter hours including:

- 1. A minimum of 60 upper division hours.
- 2. General Education requirements.
- 3. Major requirements.
- 4. Minimum 2.0 GPA, overall and major.
