

MORE OPPORTUNITIES

Take the next step in your career with the Associate of Science in Nursing Program with Adventist Health and Pacific Union College.

This program is fully approved by the Board of Registered Nurses and led by Pacific Union College (PUC) nursing professors offered locally in our community. Designed with working professionals in mind, coursework is condensed into two days per week whenever possible and clinical rotations at Adventist Health Sonora are prioritized to keep learning local and minimize out of town travel. Plus, current Adventist Health employees receive priority admission and may qualify for tuition assistance.

Program highlights:

- Preferred pricing for Adventist Health employees makes the cost less than on-campus nursing programs
- Individualized admissions process with a dedicated program director
- Excellent NCLEX outcomes
- Clear path from CNA/MA through MSN
