Student Learning Outcomes

Students can:

- Demonstrate foundational knowledge in the functional areas of business.
- Evaluate the legal, social, and economic environments of business domestically and globally.
- Assess information and situations to make rational ethical business decisions.
- Demonstrate effective oral and written communication skills.
- Leverage decision-support tools and research to integrate business knowledge in applied settings.

Occupational Information

What can I do with this major?

Following graduation, students with an emphasis in Healthcare Management often have opportunities in the following:

- 1) Business development, human resources, finance, marketing, materials management, long-term care administrator, philanthropy, physician practice management, or supply chain in the healthcare industry
- 2) Management internship or residency program
- 3) Graduate schools of business, law, or public health

Graduates who put forth efforts to learn the material, perform well in a healthcare internship, and make connections while in school typically are presented with ideal opportunities.

Additional Education Required?

A bachelor's degree is required for most entry-level healthcare management positions. A master's degree will enhance one's competitive position within healthcare organizations.

Job Outlook

A career in healthcare management provides flexibility and stability to graduates. Excellent managers are needed in the rapidly changing world of healthcare. Graduates with this degree should have developed basic healthcare competencies along with strong interpersonal and decision-making skills.

* Courses used to fulfill requirements in these sections may not also fulfill requirements in another emphasis or business program.

General Education Requirements

To view general education requirements for this major, please refer to page A-03, Summary of General Education Requirements: B.B.A. Degree.

The B.B.A. degree in Business Administration permits a student to specialize in a chosen field of business.

How to Construct Your Own Program

1. Consult with your academic advisor.
2. Consider your aptitudes, interests, and available courses.
3. Schedule major courses and cognates first.
4. Fill the rest of your schedule with G.E. requirements.
5. For the freshman year include English, Religion, and PE courses. Also include Basic Algebra I+II unless waived by previous work.

What the Degree Includes

A total of 180 quarter hours including:

1. A minimum of 60 upper division hours.
2. General Education requirements.
3. Major requirements.
4. Minimum 2.0 GPA, overall and major.
